# Arabian Peninsula

Doha, Qatar

Riyadh, Saudi Arabia

**T**ourism in the Arab World covers various activities such as travel to deserts, skydiving, hot air balloon tours, trekking, sporting events, shopping, visit to historical sites and museums, music festivals, medical tourism and MICE.

#### The Desert

The austere allure of the desert has attracted Western travellers to Arabia for centuries. Marco Polo and T.E. Lawrence are among many famous travellers beguiled by the beauty of the barren landscapes and the challenge they suggest to body and soul.

#### Urban Landscapes

For those looking for a dynamic urban experience, the Gulf cities are the place to find it. With high incomes per capita, elegant towers, opulent hotels and eccentric malls, these cities offer the “pleasure domes” of the modern world.

#### Legendary Hospitality

The essence of the Arabian Peninsula lies in its people: good-natured haggling in souks, cursing on long journeys, sharing of sweet tea on the edge of wild places. Unifying all, there’s Islam, a way of

life, the call to prayer carried on an inland breeze, a gentle hospitality extended towards strangers. And this is what many travellers most remember of their visit to the region - the ancient tradition of sharing “bread and salt” and of ensuring safe passage, albeit given a modern context.

#### United Arab Emirates

The United Arab Emirates is one of the world’s fastest-growing destinations for business and leisure visitors. This is hardly surprising since geographically, economically and culturally, it is in a unique strategic position between East and West. Perpetual sun, endless white sand and turquoise seas have helped to attract many tourists over the years, but it is the UAE’s unbeatable shopping, superb resorts, excellent restaurants, spectacular events, an intriguing traditional culture, and a safe and welcoming environment that lure visitors back time and time again.

#### Qatar

A land that understands a traveller can never be a stranger, just a friend not yet met. That ultimately

everyone is on their own journey, seeking the warmth of a friendly embrace, unique experiences and new stories to share. Where a meal is not a meal unless it is shared. A land rooted in ancient cultures, authentic soul, where past learning informs contemporary vision.

#### Saudi Arabia

The Kingdom of Saudi Arabia is largely known for its desert environment. Although desert represents bulk of the vast area, its geographic terrain is rich in diversity. There are mountains, plains and plateaus, and long coastline along the Red Sea and the Arabian Gulf.

As SkyPalm Travel & Tours, situated in East Africa just below Arabian Peninsula; we are strategically located along Indian Ocean and on the major routes between Africa and Arabian Peninsula. Also our strong connections in Turkey provide us alternative routes and facility options for Arabian Peninsula destinations.

# Zanzibar

Paje Beach, Zanzibar

Kendwa Beach, Zanzibar

Nungwi Beach, Zanzibar

As SkyPalm Travel & Tours located in Dar Es Salaam, just across of the beautiful island of Zanzibar; we have an extended network of accommodation facilities and for all type of activity providers in Zanzibar.

Zanzibar, the majestic spice island of the Indian Ocean. These are two main islands of Unguja and Pemba. Over centuries different cultures have influenced Zanzibar to become what it is today. Sumerians, Assyrians, Egyptians, Phoenicians, Indians, Chinese, Persians, Portuguse, Omani Arabs, Dutch and British have settled here at one time or another and influenced the local culture into the present fusion.

The paradisiacal shores of Zanzibar are exotic as its name. Rugged coral and limestone scarps form a

sheltered backdrop to tranquil, castor sugar beaches that slope gently down into crystal - clear waters, abundant with marine life. Tall coconut palms and stalking Pandanus cast their wondering shadows over the white sands and swaying hammocks, while Green Wood Hoopoes and Weaver birds flit and flutter between the green leaves and pendulous fruit high above.

On the southern tip of the island are some remote and rugged beaches, yet there are adventures and activities here to suit all tastes - including the Zanzibar Dolphin safari at Kizimkazi, which lies within the Menai Bay Conservation Zone. Beach activities within the hotels and range from volleyball to horse riding, while many have dive schools, windsurfing schools, kitesurfing, pentanque and skittle. Unguja and Pemba are endowed with some of the best

and most varied dive sites in the world, with diving courses catering for the novice up to Dive Master Standards. Steep wall dives; drift dives and world - class coral formations make this area a prime location for the experienced deep water divers. Diving from a boat in the clear, blue ocean off Zanzibar is one of the most exhilarating experiences to be had on a holiday in this part of East Africa.

The visibility is usually very good, the water warm and the marine life diverse and innumerable: Swaying weeds and soft coral all seethe with minute organisms that are food for the larger species. Shoals of fish weave and dart around in kaleidoscopic ballets, and playful octopus, Cuttlefish, Sea-Urchins, and Sea Cucumbers can be seen at every point.
